

510 NEW REASONS TO OWN A HUSQVARNA

Dirt Rider Magazine calls Husqvarna's 1987 510 four-stroke "... the best Husqvarna ever built." We invite you to judge for yourself. The new Husky 510 Cross Country is the lightest, most powerful production four-stroke on the market today. It tips the scales at only 247 pounds. It's four valve overhead cam engine delivers smooth power throughout the RPM range. And with features like liquid cooling, RAL (Reed Activated Lubrication), and a Nikasil® cylinder, it's built to exacting tolerances for less vibration.

Every Husky rolling off the production line reflects unequalled European commitment to excellence. This strict attention to detail makes the 510 a truly rare breed, designed and built to please the most demanding off-road competitor.

By combining the very latest engine and frame technology with a brilliant racing heritage, our new 510 Cross Country has already made its mark. In the process of dominating the 1986 AMA ISDE Qualifier Series, Larry Roeseler and his trusty 510

became the first four-stroke rider to win a qualifying event overall.

The new 510 Cross Country. Reason enough to own a Husqvarna.

BARSTOW TO VEGAS 1986

To all of you — Riders, Volunteers, Friends, Family and Sponsors, a sincere thank you from SPORTS COMMITTEE DISTRICT 37 AMA, INC. for your support and participation.

In the following Results a "T" after your finish position denotes a Trophy. If you were unable to attend the Awards, please contact Jack Froelich Trophies at 818-793-8218.

Again, thank you to all, congratulations to all finishers and just watch... we'll be even better in '87!
